HollandPark was born from a simple belief: great food should be crafted to be remembered. Rooted in Canadian heritage and produced in Europe under the world's highest food standards, the brand combines trust, quality, and care in everything it creates.

As the flagship brand of Cuover International Foods Limited, Vancouver, HollandPark represents a vision of indulgence shaped with responsibility. The portfolio spans more than 100 carefully researched products — from biscuits and cookies to crackers, wafers, confectionery, and seasonal gifting collections.

Each recipe is designed with balance in mind: indulgent enough to delight, yet crafted responsibly with modern families in view. Whole Wheat Digestives are rich in dietary fiber and free from artificial additives, while premium Butter and Cashew Cookies offer celebratory richness.

Whether enjoyed as an everyday snack, shared with guests, or given as a keepsake gift, HollandPark products carry one promise: indulgence for today, and memories for tomorrow.
